

Our dentists will take care of your teeth
Our hygienists will take care of your smile
Our nurses will take care of your well-being
Our receptionists will take care of your calls and queries

Let strand-dental take care of you!

We are pleased to welcome a new dental nurse to our team. Since September, Hayley has been sharing the surgery with Vikki and is nursing with Jamie on Tuesdays and Thursdays. Jamie's previous nurse Helen is still with us and has taken a full time position within the practice nursing with Ross.

www.strand-dental.co.uk

We have recently updated our website and joined Facebook so please feel free to visit our site and have a browse around.

We are very excited to introduce a new service at strand-dental in the form of Changing Faces® Denture Clinic, led by experienced Clinical Dental Technician Sandra Davey Snuggs. Sandra has over 20 years experience as a dental technician and prides herself on building close relationships with her patients and providing people with lifelike dentures. Become a Changing Faces® patient and you will benefit from the latest advances in denture techniques and the very best craftsmanship and care. More than these, you will be given total control over your appearance and help to reach an informed decision about your treatment. More information can be found at www.changingfacesdentures.co.uk or call our receptionists and book a free consultation.

Suggestion box

We are constantly striving to provide you with the best possible strand-dental experience. Your suggestions are invaluable in helping us to achieve this goal. We invite you to take a moment to complete one of the cards and place into the suggestion box.

Congratulations to Dawn, our head nurse, and hygienist Charlotte who took part in the Littlehampton 10km run to raise money for Chestnut Tree House. Both are very proud of themselves, as it was their first 10km – well done girls!

We had a lovely break over the festive period and had a very enjoyable Christmas Party at the local Italian restaurant Brio. With Christmas celebrations over, normal life resumes, and we'd just like to wish all our patients a very prosperous 2012.

Care Quality Commission

The Care Quality Commission (CQC) is the independent regulator of health and social care in England. They make sure that care in hospitals, dental practices, ambulances, care homes, people's own homes and elsewhere, meet government standards of quality and safety – **strand-dental** is registered with the C.Q.C. and will be inspected sometime in the next twelve months.

**New Year
Tooth Whitening Offer**

"Winter smile for £299"
